

~~CONFIDENTIAL~~

16 OCT 1970

MEMORANDUM FOR: Chief, Administration & Training Staff  
ATTENTION : Chief, Logistics Branch  
THROUGH : Deputy Director, Personnel Security  
: Information Processing Coordinator/OS  
SUBJECT : Acquisition and Turn-in of Equipment

1. It is requested that two (2) UNIVAC DCT 1000 configurations as listed on the attachment be leased as a replacement for the two (2) IBM 1050 systems currently being leased by this Division under contract number "71-RENTAL-496". (The UNIVAC salesman has agreed to a free thirty (30) day trial period.)

2. The projected Fiscal 71 rental fee for the IBM 1050 equipment is \$9312. This price is a Fiscal 70 price pending receipt of the Fiscal 71 price which will probably show an increase. The Fiscal 71 yearly rental fee for the UNIVAC DCT 1000 as quoted by the sales representative is \$8760. A minimum savings of \$552 per year should result from this equipment exchange. In addition to this savings, the UNIVAC equipment will operate at approximately 40 cards per minute, while the IBM equipment operates at only 10 cards per minute. This increase in speed will free the key-punch on the UNIVAC DCT 1000 for use as an off-line key-punch.

3. In addition to the equipment exchange requested in paragraph 1, it is also requested that the IBM equipment listed below (Contract # 71-RENTAL-7) be turned-in and replaced by four (4) UNIVAC 1701-04 VP Key-Punch/Verifiers:

IBM 029 Key-Punch	Serial No. D8113
IBM 059 Verifier	Serial No. 41723
IBM 059 Verifier	Serial No. 41725
IBM 059 Verifier	Serial No. 41727
IBM 059 Verifier	Serial No. 41728
IBM 059 Verifier	Serial No. 41729
IBM 059 Verifier	Serial No. 41730

4. The projected Fiscal 71 rental cost of the key-punch equipment above would be \$6960 per year based on the price of \$85 per month for an IBM 059 and \$70 per month for an IBM 029. The

GROUP 1  
Excluded from automatic  
downgrading and  
declassification

Fiscal 71 rental cost of the four (4) UNIVAC 1701's is \$4704 per year based on the Fiscal 71 GSA Contract GS-005-84538 price of \$98 per month. An approximate annual savings of \$2256 will result.

5. The reduction in equipment and rental fees of approximately \$2808 per year as stated herein is made possible by a reduction in personnel in the Computer Support Section and an increase in throughput and flexibility on the UNIVAC equipment.
